

Atomm Premium Creator Program Terms

Last Update: June 2025

What is Atomm Premium Creator Program?

Atomm Premium Creator Program (the “Program”) is a newly designed rewards feature for creators to monetize their content on Atomm. You can find more information [here](#).

After joining the Program and connecting a payment method, you can collect higher Rewards from Atomm for eligible Designs. For more information on design eligibility, please see the relevant section below.

This Program is subject to our Creator Terms. For more information, check the [Atomm Creator Terms](#). In the event of a conflict between these terms and the Creator Terms, these terms will prevail solely with respect to your participation in this Program.

Our [Terms of Use](#) also apply in the same way as they apply to any other activity or content on Atomm. In particular, please pay attention to the provisions around content and the grant of license. If you use Atomm for purposes within your trade, business, craft or profession, the [Atomm Terms](#) also apply to your participation in the Program. **BY JOINING THIS PROGRAM, YOU AGREE TO BE BOUND BY THESE TERMS.**

This Program is available only in selected countries, whether you are entitled to participate will depend on your country of residence. For this purpose, data will be processed in accordance with the [Privacy Policy](#).

During the time you are signed up for the Program, we may show your content to advertisers and brands so they can see the value of advertising on Atomm. You agree that we can use your content for this purpose.

Who can join the Program?

You can join the Program if:

- you reside in a country in which the Program is available and do not use a VPN or other similar tool;
- your [application form](#) has been completed and reviewed by us to ensure that you fulfill our access requirements;
- you are not an employee, officer or contractor of Atomm;
- your account on Atomm is in good standing with the Terms of Use and any other applicable terms and policies.

Participation in this Program doesn't require payment.

What can I get if I join the Program?

You can collect Rewards from Atomm through this Program. For more information, check the Creator Terms.

All Premium Designs uploaded by Creators will be sold under an 80/20 revenue sharing model. Creators will receive 80% of the net revenue, while Atomm will retain 20% as a service fee. For the avoidance of doubt, net revenue refers to the actual receipt from a Design, net of all relevant transaction fees and consumer refunds. Payments will be issued according to the platform's standard payment schedule as specified in the Creator Terms.

When the quality of your Designs is excellent and consistently achieves high exposure points on the webpage, you have the potential to earn additional rewards.

High-quality designs may qualify you for discounts on xTool products.

Outstanding creators will also be considered for opportunities to test and showcase xTool's latest products.

What Designs can collect Rewards?

For the avoidance of doubt, not all content you post to participate in the Program will collect Rewards. Atomm Premium Creator Program rewards content that meets all these criteria:

- It is original content and produced entirely by the Creator and/or adds new ideas to preexisting content; and
- It does not violate the Program terms or any other terms and policies which may apply.

How will I know if I have collected something?

You can check how many Rewards you have collected in the last 30 days by accessing your account balance through *Profile > Creator Center > Earn*.

Atomm does not process any payments made under this Program. Atomm integrates with a third party payment service provider, Stripe, which is responsible for all aspects of the processing of the transaction, subject to the [Stripe terms](#).

Atomm may provide a dashboard reflecting your estimated Rewards in U.S dollars on the Program dashboard. Any Rewards accumulated under the Program will be calculated in the month following the date that the Rewards were collected. Following processing of fees, Rewards, and the applicable tax, these Rewards will then become redeemable and paid at the beginning of each month if the payable amount is equal to or exceeds the minimum payment

threshold of \$20.00 USD ("**Minimum Payment Threshold**") and you're in compliance with the Atomm Premium Creator Program Terms. The payable amount, even if lower than the minimum payment threshold, will be transferred to you as set out on the dashboard. While payments will be made at the beginning of the month, the time of receipt will depend on the payment service provider. If the transfer cannot be completed due to issues relating to your payment method, Atomm will contact you to rectify their account information and retry the transfer.

We will forfeit any balance related to the Program after 5 years if you fail to fill in the required information for your onboarding and payment method.

Any payments you receive do not reflect or guarantee your entitlement to any future payment.

Your payment method provider might charge you fees when processing our payment, according to the contract you concluded with them; for more information, please refer to the applicable terms.

You must not sell, assign or otherwise transfer any right to receive payment without our permission. Breaching this restriction may result in termination of your access to the Program.

Creator must complete all the onboarding requirements, including providing tax information, to receive rewards. Creator is responsible for linking and maintaining an accurate, up-to-date Payment Account that complies with these Program Terms and the terms of Stripe, and Atomm will not be responsible for any delay, failure, or inability to transfer payment to Creator's Payment Account due to any reason out of Atomm's control, including Creator's failure to comply with these Program Terms or the terms of Stripe.

Can I lose access to the Program?

In addition to the reasons set out in the Creator Terms, we may temporarily or permanently suspend or terminate your access to this Program or access to Rewards that you have collected through this Program if:

- you become involved in any situation or occurrence which reflects unfavorably upon you or Atomm (including the Program); or
- you make any derogatory public statement or comment concerning Atomm.

You can withdraw from the Program by contacting us via creator@atomm.com.

Confidentiality

Any information about us, our affiliates, or our products, including this Program, that is made available to you under this Program which is not otherwise publicly available, is Atomm's confidential information ("**Confidential Information**").

The details of rewards, reporting metrics, or other non-public information contained or resulting from your participating in this Program shall be considered Confidential Information and not published or shared with any third party, except to legal or professional advisors.

You may issue or authorize publication of official news stories or publicity relating to your participation in this Program, provided Atommm gives express written authorization at least 24 hours in advance. You understand that we may issue an official press release relating to this Program and your participation, provided any inclusion of your details will be subject to your prior written consent, not to be unreasonably withheld, conditioned, or delayed.
